Areas affected by recent revision are recorded in the above table

The purpose of this policy is to ensure proper disposal of waste from activities conducted by or overseen by Viking Industrial staff.

This policy applies to all waste disposal activities by Viking Industrial staff or contractors working for Viking Industrial. This policy covers solid waste and includes, but is not limited to, Municipal Solid Waste (MSW), recyclable materials, lead containing materials, scrap metal, and sawdust), hydrocarbons (oils, fuels and coolants), used filters and filter cartridges, used spill kit materials and rags.

The handling and disposal of Hazardous waste is only to be undertaken by qualified and trained staff.

Managers and Supervisors are responsible for ensuring their staff's compliance with this procedure. Managers are to train their employees in the proper disposal of waste materials to prevent spills of potential pollutants into the storm sewer system and surrounding environment. Managers and supervisors are responsible for ensuring training is conducted.

Viking Industrial personnel must follow the correct procedures in accordance with this policy. Personnel are responsible for determining the type of waste they need to dispose of and following the procedure to ensure it is disposed of properly. Personnel are also responsible for reporting if instances of leakage, missing covers, or misuse of material receptacles.

Anthony Jensen
Chief Executive Officer
